MANIPUR INTERNATIONAL UNIVERSITY

Manipur

A Land of Heritage and Learning

Manipur is a state in northeastern India with Imphal as its capital. It shares borders with the Indian states of Assam to the west, Nagaland to the north, and Mizoram to the south. To the east and southeast, it shares an international border with Myanmar, specifically the Sagaing Region and Chin State.

Manipur offers a peaceful and culturally rich environment, making it an ideal destination for focused learning, personal development, and holistic growth.

Manipur

Where Innovation Meets Heritage

Empowering future scientists with state-of-the-art laboratories and global research partnerships while celebrating Manipur's rich talent and spirit.

Thoughts That Shape Global Minds

“Real education consists in drawing the best out of yourself.”

-Mahatma Gandhi

“The highest education is that which does not merely give us information but makes our life in harmony with all existence."

-Rabindranath Tagore

“Education is the most powerful weapon which you can use to change the world."

-Dr. A.P.J. Abdul Kalam

"The end product of education should be a free creative man, who can battle against historical circumstances and adversities of nature."

-Dr. Sarvapalli Radhakrishnan

“Love makes the universe love binds the universe / love gives soul to the world, The body and the soul are united for him with love to the whole of universe."

-Ashangbam Minaketan Singh

CHANCELLOR *message*

Welcome to Manipur International University!

It is an honor to serve as the Chancellor of MIU. We are committed to innovation, inclusivity, and academic excellence, shaping future leaders through quality education and dedicated faculty. I invite you to explore our programs and join us in building a brighter future.
Sincerely,

Okram Henry
Chancellor

MANIPUR
INTERNATIONAL
UNIVERSITY

VICE-CHANCELLOR *message*

Dear Students, Faculty, and Friends,

As Vice Chancellor, I am proud to be part of an institution committed to excellence, innovation, and quality education. We strive to create an inclusive environment that fosters learning, research, and student success. I encourage you to explore our programs and opportunities as we help you achieve your academic and career goals.

Sincerely,
Prof. (Dr.) Potsangbam Kumar Singh
Vice-Chancellor

MANIPUR INTERNATIONAL UNIVERSITY

Our **Vision**

- MIU is founded on a transformative vision in higher education, blending traditional wisdom with modern pedagogy to nurture future leaders and thinkers.
- It promotes a global, innovative, and research oriented academic environment aligned with national and international standards.
- The university places strong emphasis on interdisciplinary learning, research excellence, and the preparation of graduates for diverse socio-economic contexts.

Our **Mission**

- The university aims to provide high-quality education that is relevant, accessible, and student-focused.
- It seeks to prepare students to become leaders and professionals capable of contributing to society and the global community.
- It integrates academic learning with real-world skills and research, fostering innovation and community engagement.
- It connects India's higher education with global knowledge systems and opportunities.

Recognized by

Leading Education Bodies

MIU holds prestigious recognitions from top national councils. These affiliations validate our commitment to academic excellence, quality education, and adherence to global university standards, ensuring that your degree is valued worldwide.

ज्ञान-विज्ञान विमुक्तये

UGC

University Grants Commission

Recognized under Section 2 (f) & 22 of UGC Act, 1956

AIU

Association of Indian Universities

Premier body of universities in India since 1925

सत्यमेव जयते

MOE

MINISTRY OF EDUCATION

KEY FEATURES

UGC Recognized

Recognized by the University Grants Commission of India under Section 2(f) and Section 22 of the UGC Act, ensuring national validity and recognition of degrees.

AUTONOMOUS

It operates under the framework of the National Education Policy 2020, enabling curriculum innovation and global academic practices.

RESEARCH-FOCUSED LEARNING

Encourages research engagement, academic inquiry, and knowledge discovery across disciplines, supported by dedicated research centres.

WIDE ACADEMIC SPECTRUM

Offers a diverse range of undergraduate, postgraduate, diploma, certificate, and doctoral programmes in arts, sciences, commerce, management, technology, and allied fields.

INCLUSIVE CAMPUS ENVIRONMENT

The university places a strong emphasis on holistic student development through cultural activities, sports, and academic support.

GLOBAL OUTLOOK & COLLABORATIONS

It promotes international perspectives in teaching and learning, fostering global competence among students.

Why Choose MIU?

- **UGC Recognized & Government Approved**
  Degrees awarded are valid and recognized across India as per UGC norms.
- **Wide Range of Programs**
  Offers UG, PG, vocational, WILP, and research programmes across multiple disciplines.
- **Industry-Oriented Curriculum**
  Courses are designed to meet current industry needs, with strong practical exposure.
- **Programs for Working Professionals**
  Specially designed programmes allow professionals to continue their studies while pursuing their careers.
- **Experienced Faculty & Modern Teaching**
  Qualified faculty are supported by smart classrooms, labs, and digital learning resources.
- **Excellent Infrastructure**
  Well-equipped labs, a digital library, an auditorium, and 24×7 internet facilities.
- **Holistic Student Development**
  It focuses on communication skills, leadership, teamwork, and personality development.
- **Peaceful & Well-Connected Campus**
  Green campus is located near Manipur Airport with easy accessibility.
- **Strong Student Support**
  The university provides, sports facilities, healthcare, transport, and student activity centres.

SCHOOL OF ENGINEERING & INFORMATION TECHNOLOGY

Schools of engineering and Information technology at Manipur International University provides students environments where they can learn technical knowledge, practical skills and creative thinking. The school prepares students for various challenges faced in the modern world. It offers quality education in different areas of engineering and technology.

SCHOOL HIGHLIGHTS

State of the Art Labs
Modern computer labs with latest hardware and software infrastructure.

AI & ML Focus
Specialized tracks in Artificial Intelligence and Machine Learning.

Cyber Security
Desicated cybersecurity curriculum for the growing digital security sector.

Startup Incubation
Support for student startups through out incubation center.

PROGRAMS OFFERED

Bachelor of Technology in Computer Science Engineering (B.Tech)

The B.Tech in Computer Science Engineering (CSE) program at Manipur International University is designed to equip students with strong technical knowledge and practical skills in computing, software development, and emerging technologies. The program prepares students to innovate, solve complex problems, and build successful careers in the rapidly evolving IT industry.

Duration:	4 Years	Eligibility:	10+2 / Equivalent

Bachelor of Technology in Civil Engineering (B.Tech)

The B.Tech in Civil Engineering at Manipur International University is designed to provide strong foundation in construction, infrastructure development, and structural design. The program equips students with the technical knowledge and practical skills required to plan, design, and manage civil engineering projects.

Duration:	4 Years	Eligibility:	10+2 / Equivalent

Bachelor of Technology in Mechanical Engineering (B.Tech)

The B.Tech in Mechanical Engineering at Manipur International University is designed to provide a strong foundation in mechanical systems, manufacturing processes, and engineering design. The program equips students with the technical skills and practical knowledge required to work in core engineering industries.

Duration:	4 Years	Eligibility:	10+2 / Equivalent

Bachelor of Technology in Electrical Engineering (B.Tech)

The B.Tech in Electrical Engineering at Manipur International University is designed to provide comprehensive knowledge of electrical systems, power generation, and modern electrical technologies. The program prepares students for careers in power, energy, and electrical industries.

Duration:	4 Years	Eligibility:	10+2 / Equivalent

Bachelor of Technology in Electrical & Electronics Engineering (B.Tech)

The B.Tech in Electrical & Electronics Engineering (EEE) at Manipur International University is designed to provide comprehensive knowledge of electrical systems and electronic technologies. The program prepares students for careers in power, automation, and electronics industries.

Duration:	4 Years	Eligibility:	10+2 / Equivalent

Bachelor of Technology in Electronics & Communication Engineering (B.Tech)

The B.Tech in Electronics & Communication Engineering (ECE) at Manipur International University is designed to provide strong technical knowledge in electronics, communication systems, and modern technologies. The program prepares students to design, develop, and manage electronic and communication solutions.

Duration:	4 Years	Eligibility:	10+2 / Equivalent

Bachelor of Technology in Electronics & Instrumention Engineering (B.Tech)

The B.Tech in Electronics and Instrumentation Engineering is a four-year undergraduate program that help students to design, develop, and manage electronic and instrumentation systems used in industries.

Duration:	4 Years	Eligibility:	10+2 / Equivalent

Bachelor of Technology in Information Technology (B.Tech)

The B.Tech in Information Technology at Manipur International University is designed to provide strong technical knowledge in software systems, networking, databases, and modern computing technologies. The program prepares students for careers in the rapidly growing IT and digital industry.

Duration:	4 Years	Eligibility:	10+2 / Equivalent

Bachelor of Science in Computer Science (B.Sc)

The B.Sc. in Computer Science at Manipur International University is designed to provide a strong foundation in computing, programming, and software development. The program equips students with the technical skils required to build a successful career in the IT and technology sectors.

Duration:	3 Years

Eligibility:	10+2 / Equivalent

Bachelor of Science in Information Technology (B.Sc)

The B.Sc. in Information Technology at Manipur International University is designed to provide a strong foundation in computer systems, software development, and applications. The program prepares students for dynamic careers in the IT and technology sectors.

Duration:	3 Years

Eligibility:	10+2 / Equivalent

Bachelor of Computer Application (BCA)

The Bachelor of Computer Applications (BCA) at Manipur International University is designed to build a strong foundation in computer science, programming, and software development. The program equips students with technical skills and practical knowledge to pursue careers in the IT and software industry.

Duration:	3 Years

Eligibility:	10+2 / Equivalent

Master of Science in Computer Science (M.Sc)

The M.Sc. in Computer Science at Maniput International University is designed to provide advanced knoweldge in computing, software development, and emerging technologies. The programs equips students with strong technical and research skills for high-level roles in the IT industry.

Duration:	2 Years

Eligibility:	Graduation in relevant stream

Master of Science in Information Technology (M.Sc)

The M.Sc. in Information Technology (IT) at Manipur International University is designed to provide advanced knowledge and practical skills in computing, software development, and modern IT systems. The program prepares students for high-level roles in the rapidly evolving technology sector.

Duration:	2 Years

Eligibility:	Graduation in relevant stream

Master of Computer Application (MCA)

Master of Computer Applications (MCA) is a postgraduate program focused on advanced computer science, software development, and IT applications. It equips students with skills in programming, database management, networking, and system design. The course prepares graduates for careers in software development, IT consulting, data analysis, and technology management.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

Master of Technology in Computer Science Engineering (M.Tech)

M.Tech in Computer Science Engineering is a postgraduate program focused on advanced computing. algorithms, artificial intelligence, data science, and software engineering. It combines theory with practical research and projects. Graduates gain expertise for careers in IT industries, research, and academia, contributing to innovation and technological development.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

Master of Technology in Civil Engineering (M.Tech)

The M.Tech in Civil Engineering at Manipur International University is designed to provide advanced knowledge and specialization in structural design, construction technology and infrastructure development. The program prepares students for higher-level technical, research, and managerial roles in the civil engineering sector.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

Master of Technology in Mechanical Engineering (M.Tech)

The M.Tech in Mechanical Engineering at Manipur International University is designed to provide advanced knowledge in design, manufacturing, thermal engineering, and industrial systems. The program prepares students for higher-level technical, research, and leadership roles in core mechanical and allied industries.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

Master of Technology in Electrical Engineering (M.Tech)

The M.Tech in Electrical Engineering at Manipur International University is designed to provide advanced knowledge in power systems, electrical machines, control systems, and modern electrical technologies. The program prepares students for specialized technical and research-oriented roles in the electrical and energy sectors.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

Master of Technology in Electrical & Electronics Engineering (M.Tech)

The M.Tech in Electrical & Electronics Engineering at Manipur International University is designed to provide advanced expertise in electrical systems, electronics technologies, and integrated power-electronic applications. The program prepares students for high-leveltechnical, research, and development roles in industry and academia.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

Master of Technology in Electronics & Communication Engineering (M.Tech)

The M.Tech in Electronics & Communication Engineering at Manipur International University is designed to provide advanced knowledge in communication systems, signal processing, VLSI design, embedded systems, and modern electronic technologies. The program prepares students for high-level technical, research, and development roles in the electronics and communication sector.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

Master of Technology in Information Technology (M.Tech)

The M.Tech in Information Technology is a postgraduate program designed to develop advanced technical expertise and innovative thinking in the field of computing and digital systems. The course focuses on key areas such as software development, data analytics, artificial intelligence, cybersecurity, cloud computing, and network management.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

POLYTECHNIC DIPLOMA COURSE

- **Diploma in Computer Science Engineering**
- **Diploma in Civil Engineering**
- **Diploma in Mechanical Engineering**
- **Diploma in Electrical Engineering**
- **Diploma in Electrical & Electronics Engineering**
- **Diploma in Electronics & Communication Engineering**
- **Diploma in Information Technology**

Duration:	3 Years	Eligibility:	10 / 10+2 recognized board in india

Bachelor of Technology LATERAL ENTRY (B.Tech - LE)

- Bachelor of Technology in Computer Science Engineering (B.Tech - LE)
- Bachelor of Technology in Civil Engineering (B.Tech - LE)
- Bachelor of Technology in Mechanical Engineering (B.Tech - LE)
- Bachelor of Technology in Electrical Engineering (B.Tech - LE)
- Bachelor of Technology in Electrical & Electronics Engineering (B.Tech - LE)
- Bachelor of Technology in Electronics & Communication Engineering (B.Tech - LE)
- Bachelor of Technology in Information Technology (B.Tech - LE)

Duration:	3 Years

Eligibility:	Polytechnic Diploma in relevant stream

POLYTECHNIC DIPLOMA IN LATERAL ENTRY COURSE

- Diploma in Computer Science Engineering
- Diploma in Civil Engineering
- Diploma in Mechanical Engineering
- Diploma in Electrical Engineering
- Diploma in Electrical & Electronics Engineering
- Diploma in Electronics & Communication Engineering
- Diploma in Information Technology

Duration:	2 Years

Eligibility:	10+2 / Equivalent

OTHER DIPLOMA COURSES

- Diploma in Computer Applications

Duration:	1Year

Eligibility:	10 / 10+2 recognized board in india

PHD PROGRAMS

Available in All Above Discipline

SCHOOL OF COMMERCE & MANAGEMENT

The School of Commerce and Management at Manipur International University provides students with a dynamic learning environment where business knowledge, leadership skills, and practical industry exposure come together. The school prepares students to meet the challenges of today's competitive business world through quality education in commerce, management, finance, entrepreneurship, and emerging business disciplines.

SCHOOL HIGHLIGHTS

Industry-Aligned Curriculum

Programs designed in consultation with industry experts to meet current market demands

Placement Support

Dedicated placement cell with strong industry connections for career opportunities

Research Focus

Encourages research in commerce, finance and business management.

Global Exposure

International collaborations and exchange programs for global perspective

PROGRAMS OFFERED

Bachelor of Commerce (B.Com)

The Bachelor of Commerce (B.Com) program at Manipur International University is a comprehensive undergraduate degree designed to build a strong foundation in commerce, finance, accounting, and business management. The program equips students with analytical, managerial, and entrepreneurial skills required to excel in the dynamic global business environment.

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Bachelor of Business Administration (BBA)

The BBA program at Manipur International University is designed to build a strong foundation in business management, leadership, and entrepreneurship. It equips students with essential managerial skills, practical knowledge, and industry exposure to prepare or successful careers in the corporate world or higher studies in management.

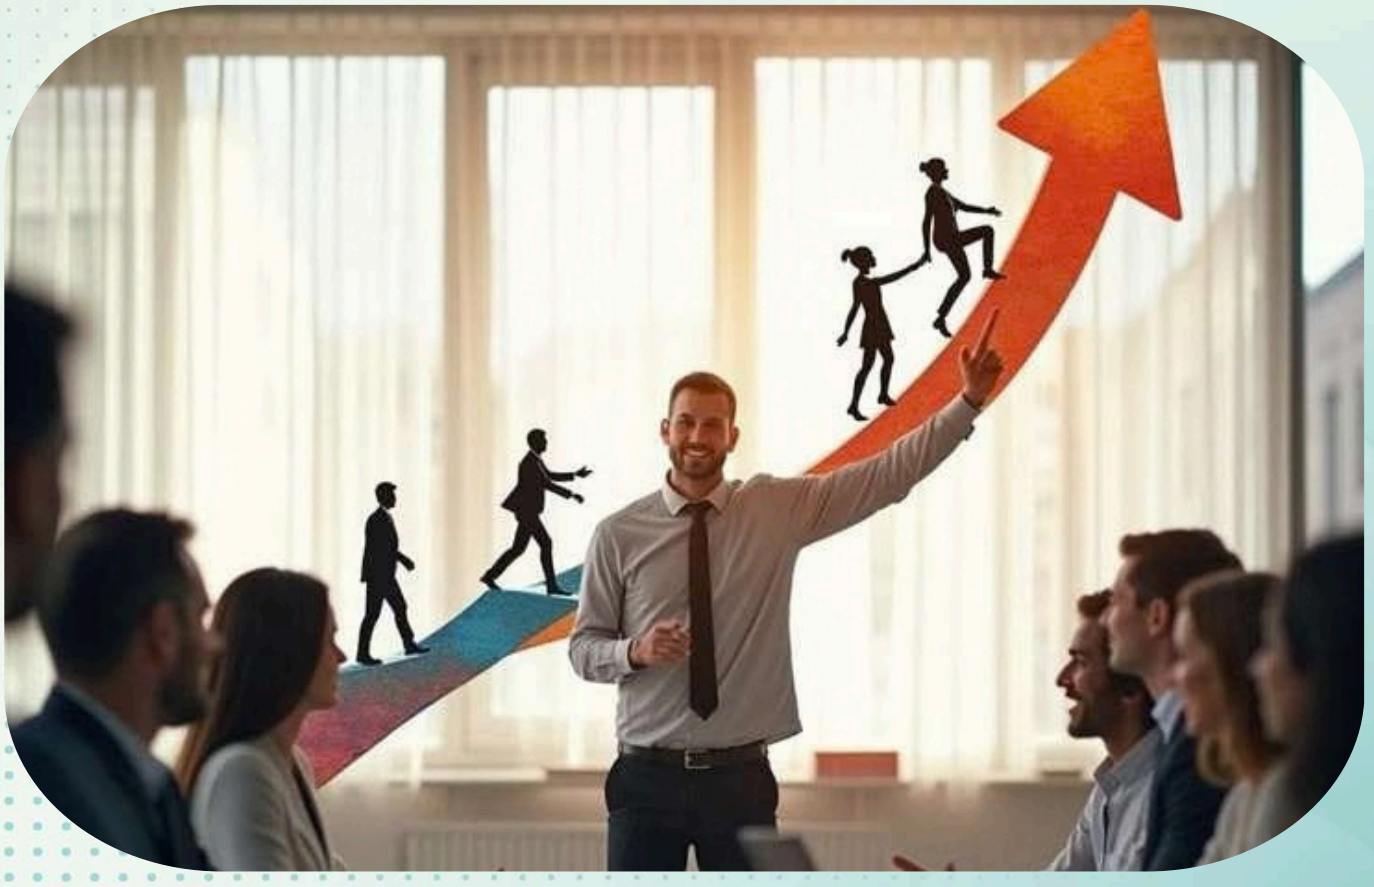

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Bachelors of Hotel Management

The Bachelor of Hotel Management (BHM) is a three year undergraduate programme designed to impart a comprehensive knowledge and practical skills required for the hospitality and tourism industry.

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Master of Commerce (M.Com)

The M.Com program at Manipur International University is designed to provide advanced knowledge in commerce, accounting, finance, and business management. It equips students with analytical, research, and managerial skills required for careers in academia, finance, and corporate sectors.

Duration:	2 Years

Eligibility:	Graduation in relevant stream

Master of Business Administration in Human Resource Management (MBA)

The MBA in Human Resource Management at Manipur International University is designed to develop expertise in managing people, organizational behavior, and workforce planning. The program prepares students for strategic roles in talent management and organizational development.

Duration:	2 Years

Eligibility:	Graduation in relevant stream

Master of Business Administration in Finance Management (MBA)

The MBA in Finance Management at Manipur International University is designed to develop expertise in financial planning, investment management, and corporate finance. The program equips students with analytical and decision-making skills required for leadership roles in the finance sector.

Duration:	2 Years

Eligibility:	Graduation in relevant stream

Master of Business Administration in Marketing Management (MBA)

The MBA in Marketing Management at Manipur International University is designed to Marketing Management at Manipur Internatig develop expertise in marketing strategies, consumer behavior, and brand management. The program prepares students to create, promote, and manage products and services in competit mpetitive markets.

Duration:	2 Years

Eligibility:	Graduation in relevant stream

Master of Business Administration in International Business (MBA)

The MBA in International Business at Manipur International University is designed to develop expertise in global trade, cross-border business operations, and international market strategies. The program prepares students for careers in multinational organizations and global business environments.

Duration:	2 Years

Eligibility:	Graduation in relevant stream

Master of Business Administration in Logistics & Supply Chain Management (MBA)

The MBA in Logistics & Supply Chain Managementat Manipur International University is designed to develop expertise in managing the flow of goods, services, and information across global supply chains. The program prepares students for leadership roles in logistics, operations, and supply chain management.

Duration: 2 Years

Eligibility: Graduation in relevant stream

Master of Business Administration in Information Technology (MBA)

The MBA in Information Technology at Manipur International University is designed to develop managerial expertise combined with technical knowledge in IT systems and digital transformation. The program prepares students for leadership roles in managing technology-driven businesses.

Duration: 2 Years

Eligibility: Graduation in relevant stream

Master of Business Administration in Health, Safety & Environment (MBA)

The MBA in Health, Safety& Environment (HSE)at Manipur International University is designed to develop expertise in workplace safety, environmental management, and occupational health. The program prepares students to ensure safe, compliant, and sustainable work environments across industries.

Duration: 2 Years

Eligibility: Graduation in relevant stream

Master of Business Administration in Retail Management (MBA)

The Retail Management at Manipur International University is designed to develop expertise in retail operations, merchandising, and customer relationship management. The program prepares students for leadership roles in the fast-growing retail and consumer goods industry.

Duration: 2 Years

Eligibility: Graduation in relevant stream

Master of Business Administration in Project Management (MBA)

The MBA in Project Management at Manipur International University is designed to develop expertise in planning, executing, and managing projects across various industries. The program prepar prepares students for leadership roles in handling complex projects efficiently and within defined timelines and budgets.

Duration: 2 Years

Eligibility: Graduation in relevant stream

Master of Business Administration in Operations Management (MBA)

The MBA in Operations Management at Manipur International University is designed to develop expertise in managing production, processes, and business operations efficiently. The program prepares students for leadership roles in operations, manufacturing, and service industries.

Duration:	2 Years

Eligibility:	Graduation in relevant stream

Master of Business Administration in Hotel Management (MBA)

The MBA in Hotel Management at Manipur International University is designed to develop advanced managerial and leadership skills in the hospitality industry. The program prepares students to manage hotel operations, guest services, and hospitality businesses.

Duration:	2 Years

Eligibility:	Graduation in relevant stream

PHD PROGRAMS

Available in All Above Discipline

SCHOOL OF SCIENCE

The School of Science at MIU fosters scientific inquiry, research excellence, and innovation across core and applied science disciplines. Our programs provide students with a strong foundation in scientific principles while encouraging curiosity, critical thinking, and a passion for discovery that drives meaningful contributions to society.

SCHOOL HIGHLIGHTS

Research Laboratories
Well-equipped research labs for practical scientific exploration.

Biodiversity Research
Unique focus on Northeast India's rich biodiversity and ecology.

Interdisciplianary Approach
Programs that bridge multiple scientific disciplines for holistic understanding.

Publication Support
Encouragement and support for student research publications.

Bachelor of Science in (B.Sc.) - PCB

B.Sc. PCB is an undergraduate program covering Physics, Chemistry, and Biology, it builds strong scientific knowledge through theory and practical lab work. Students develop analytical and research skills, preparing for careers in healthcare, research, biotechnology, environmentalscience, or higher studies such as medicine, pharmacy, and life sciences.

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Bachelor of Science in (B.Sc.) - PCM

B.Sc. PCM is an undergraduate program focused on Physics, Chemistry, and Mathematics. It develops analytical, problem-solving, and quantitative skills through theory and practical learning. The course prepares students for careers in research, engineering, data science teaching, and higher studies in and technology fields.

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Bachelor of Science in (B.Sc.) - ZBC

B.Sc. ZBC is an undergraduate program covering Zoology, Botany, and Chemistry. It builds strong knowledge in life sciences through theory and laboratory work, Students develop research and analytical skills, preparing for careers in healthcare, environment, agriculture, biotechnology, or higher studies in biological sciences.

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Bachelor of Science in Environmental Science (B.Sc)

B.Sc. in Environmental Science focuses on understanding ecosystems, natural resources, climate change, and development. It equips students with scientific knowledge, research skills, and awareness, preparing them for careers in co-management, research, policy making, and sustainability initiatives across diverse sectors.

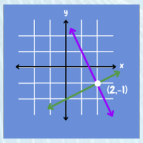

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Bachelor of Science in Health & Safety

The B.Sc. in Health &Safety is a three-year undergraduate program that helps students learn how to keep workplaces safe andprotect peoplefrom healthhazards. The course covers topics like occupational health, workplace safety rules, risk assessment, fire safety, industrial hygiene, and accident prevention.

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Bachelor of Science in Mathematics

TheB.Sc. in Mathematics is a three-year undergraduate program that helps students build a strong foundation in mathematical concepts and problem-solving skills. The course covers topics like algebra, calculus, geometry, statistics, probability, and differential equations.

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Bachelor of Science in Chemistry

The B.Sc. in Chemistry is a three-year undergraduate program that helps students build a strong foundation in chemical sciences. The course covers topics like organic chemistry, inorganic chemistry, physical chemistry, analytical chemistry, and laboratory techniques.

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Bachelor of Science in Physics

The B.Sc. in Physics is a three-year undergraduate course which is intended to give the students a strong foundation of physical sciences. Topics include mechanics, electromagnetism, thermodynamics, optics, modern physics and electronics.

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Bachelor of Science in Psychology

B.Sc. in Psychology is an undergraduate program that studies human behavior, mind, and mental processes. It covers areas like cognitive, social, and clinical psychology with practical training. Students develop analytical and research skills, preparing for careers in counseling healthcare, research, human resources, and further studies in psychology.

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Master of Science in Environmental Science

Masterof Sciencein EnvironmentalScience is a postgraduate program focused on advanced study of ecosystems, climate change, biodiversity, and sustainable resource management. It develops research, analytical, and problem-solving skills, preparing graduates for careers in environmental consultancy, policy making, research. conservation, and sustainability roles in govern industry, and international organizations.

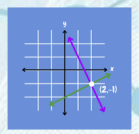

Duration:	2 Years	Eligibility:	Graduation in relevant stream

Master of Science in Health & Safety

Master of Science in Health & Safety is a postgraduate program focused on risk management, occupational health, safety system audits, environmental safety, industrial hygiene and safety law compliance.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

Master of Science in Mathematics

The M.Sc. in Mathematics at Manipur International University help students to develop advanced expertise in pure and applied mathematics, statistics, computational techniques, and research methodologies.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

Master of Science in Chemistry

The M.Sc. in Chemistry is a two-year postgraduate program that gives students advanced knowledge in different areas of chemistry. The course covers topics like advanced organic chemistry, inorganic chemistry, physical chemistry, analytical techniques, and spectroscopy.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

Master of Science in Physics

The M.Sc. Physics is a two year postgraduate program which enables students to acquire advanced knowledge invarious areas ofphysics. Topics covered in the course are quantum mechanics, electrodynamics, statistical mechanics, solid state physics and nuclear physics.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

Master of Science in Psychology

The M.Sc. in Psychology is a two-year postgraduate program that gives students advanced, scientific knowledge of human behavior, mental processes, and psychological research. The course covers topics like advanced cognitive psychology, biological psychology, abnormal psychology, psychological testing, and research methodology.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

DIPLOMA COURSES

- **Diploma in Dietetics and Applied Nutrition**
- **Diploma in Food Processing and Preservation**

Duration:	1Year	Eligibility:	10+2 / Equivalent

PG DIPLOMA COURSES

- **Post Graduate Diploma in Dietetics and Applied Nutrition**
- **Post Graduate Diploma in Food Processing and Preservation**

Duration:	1 Year	Eligibility:	Graduation in relevant stream

PHD PROGRAMS

Available in All Above Discipline

SCHOOL OF ARTS & HUMANITIES

The School of Arts & Humanities at Manipur International University is dedicated to nurturing critical thinkers, effective communicators, creative professionals, and socially responsible leaders. The school provides students with a comprehensive understanding of human society, culture, language, history, literature, and contemporary global issues.
Through academic excellence, research opportunities, practical exposure, and experiential learning, students gain the confidence and competence needed to excel in diverse career pathways across education, media, public service, social development, and creative industries. Humanities education plays a vital role in shaping informed citizens and future leaders who can positively influence society and contribute to nation-building.

SCHOOL HIGHLIGHTS

Interdisciplianry Learning

Integration of literature history, philosophy, and culutural studies for a holistic education.

Experienced Faculty

Guidance from highly qualified academicians and industry experts.

Research & Publication Focus

Strong encouragement fofr student research, seminars, and academic publications.

Skill-Oriented Curriculum

Emphasis on critical thinking. Communiation, and analytical skills for real-world applications.

PROGRAMS OFFERED

Bachelor of Arts (BA)

The B.A. (General) program at Manipur International University is designed to provide a broad-based education in humanities and social sciences. It helps students develop critical thinking, communication, and analytical skills for diverse career opportunities.

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Bachelor of Arts (English)

The B.A. in English at Manipur International University is designed to develop strong language proficiency, literary understanding, and critical thinking skills. The program enables students to explore diverse literary works while enhancing communication and analytical abilities.

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Bachelor of Arts (Manipuri)

The B.A. in Manipuri at Manipur International University is designed to provide in-depth knowledge ofthe Manipurilanguage, literature,and cultural heritage. The program helps students develop linguistic skills along with an understanding of regional traditions and literary works.

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Bachelor of Arts (Social Work)

The B.A.in Social Work at Manipur International University is designed to provide foundational knowledge and practical skills in social welfare, community development and human services. The program prepares students to work with individuals, families, and communities to address social issues.

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Bachelor of Arts (Psychology)

The B.A. in Psychology at Manipur International University is designed to provide a deep understanding of human behavior, mental processes, and emotional well-being. The program helps students develop analytical, research, and interpersonal skills for careers in psychology and related fields.

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Bachelor of Arts (Public Administration)

The B.A. in Public Administration at Manipur International University is designed to provide knowledge of government systems, public policies, and administrative processes. The program prepares students for careers in public service, governance, and administrative roles.

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Bachelor of Arts (Sociology)

The B.A. in Sociology at Manipur International University is designed to provide an in-depth understanding of society, social behavior, and human relationships. The program develops analytical and research skills to study social structures, institutions, and contemporary issues.

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Bachelor of Arts (Political Science)

The B.A. in Political Science at Manipur International University is designed to provide a deep understanding of political systems, governance, public policies, and international relations. The program develops analytical, critical thinking, and decision-making skills for careers in public administration and governance.

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Bachelor of Arts (Economics)

The B.A. in Economics at Manipur International University is designed to provide a strong understanding of economic theories, policies, and real-world applications. The program develops analytical and quantitative skills, preparing students for careers in finance policymaking, and business.

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Bachelor of Arts (History)

The B.A. in History at Manipur International University is designed to provide comprehensive understanding of past events, cultures, and civilizations. The program develops analytical, research, and critical thinking skills while helping students understand historical developments and their impact on the present.

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Bachelor of Arts (Yoga)

The B.A. in Yoga at Manipur International University is designed to provide comprehensive knowledge of yoga practices, philosophy, and holistic health. The program prepares students to promote physical, mental and spiritual well-being through traditional and modern yoga techniques.

Duration:	3 Years	Eligibility:	10+2 / Equivalent

Master of Arts (English)

The M.A. in English at Manipur International University is designed to provide advanced knowledge of English literature, language, and critical theory. The program enhances anatytical, interpretative, and communication skills, preparing students for academic and professional careers.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

Master of Arts (Manipuri)

The M.A. in Manipuri at Manipur International University is designed to provide advanced knowledge of the Manipuri language, literature, and cultural heritage. The program enables students to explore classical and modern literary works while developing strong hand analytical skills.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

Master of Arts (Hindi)

The M.A. in Hindi at Manipur International University is designed to provide advance knowledge of Hindi language, literature, and cultural studies. The program enhances analytical, writing, and research skills while promoting a deeper understanding of India's literary heritage.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

Master of Arts (Social Work)

The M.A. in Social Work at Manipur International University is designed to provide advanced knowledge and professional skills in social welfare, community development, and social justice. The program prepares students to work effectively with individuals, families, and communities to address social issues.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

Master of Arts (Economics)

The M.A. in Economics is a two-year postgraduate program that gives students advanced knowledge of economic theories, policies, and analysis methods. The course covers topics like advanced microeconomics, macroeconomics, econometrics, international economics, and development economics.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

Master of Arts (Psychology)

The M.A. in Psychology at Manipur International University is designed to provide advanced knowledge of human behavior, mental processes, and psychological assessment. The program develops research, analytical, and interpersonal skills, preparing students for professional roles in mental health and related fields.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

Master of Arts (Public Administration)

The M.A. in Public Administration at Manipur International University is designed to provide advanced knowledge of governance, public policy, and administrative systems. The program prepares students for leadership roles in public service, policy-making, and administrative management.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

Master of Arts (Sociology)

The M.A. in Sociology at Manipur International University iversity is designed d to to pr provide advance understanding of society, social structures, and human behavior. The program develops strong research, analytical, and critical thinking skills to address contemporary social issues and challenges.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

Master of Arts (Political Science)

The M.A. in Political Science at Manipur International University is designed to provide advanced knowledge of political theories, governance, public policy, and international relations. The program develops analytical, research, and decision-making skills for careers in public administration, policy-making, and global affairs.

Duration:	2 Years	Eligibility:	Graduation in relevant stream

Master of Arts (History)

The M.A. in History at Manipur International University is designed to provide advanced knowledge of historical events, civilizations, and cultural developments. The program develops research, analytical, and critical thinking skills to understand the past and its relevance to the present.

Duration:	2 Years	Eligibility:	Graduation inrelevant stream

Master of Arts (Yoga)

KEY BENEFITS OF JOINING MIU

Career Advancement and Higher Salary:

A degree following a certificate often leads to rapid career growth and higher positions, with 10-25% income difference undergraduate and postgraduate degree holders.

Structured, Recognized Learning:

While certificates provide specific, niche skills, university programs (including UGC approved online degrees) offer recognized, comprehensive, and industry relevant education, enhancing your resume's value.

Bridging Practical and Theoretical Knowledge:

Certifications are often focused on single skills or tools, whereas university programs (like Diplomas or Masters) provide a broader understanding that combines theory with practice, making you a more valuable asset to employees.

Networking and Opportunities:

University programs provide access to industry experts, alumni, and campus placement opportunities, which can be crucial for professional networking.

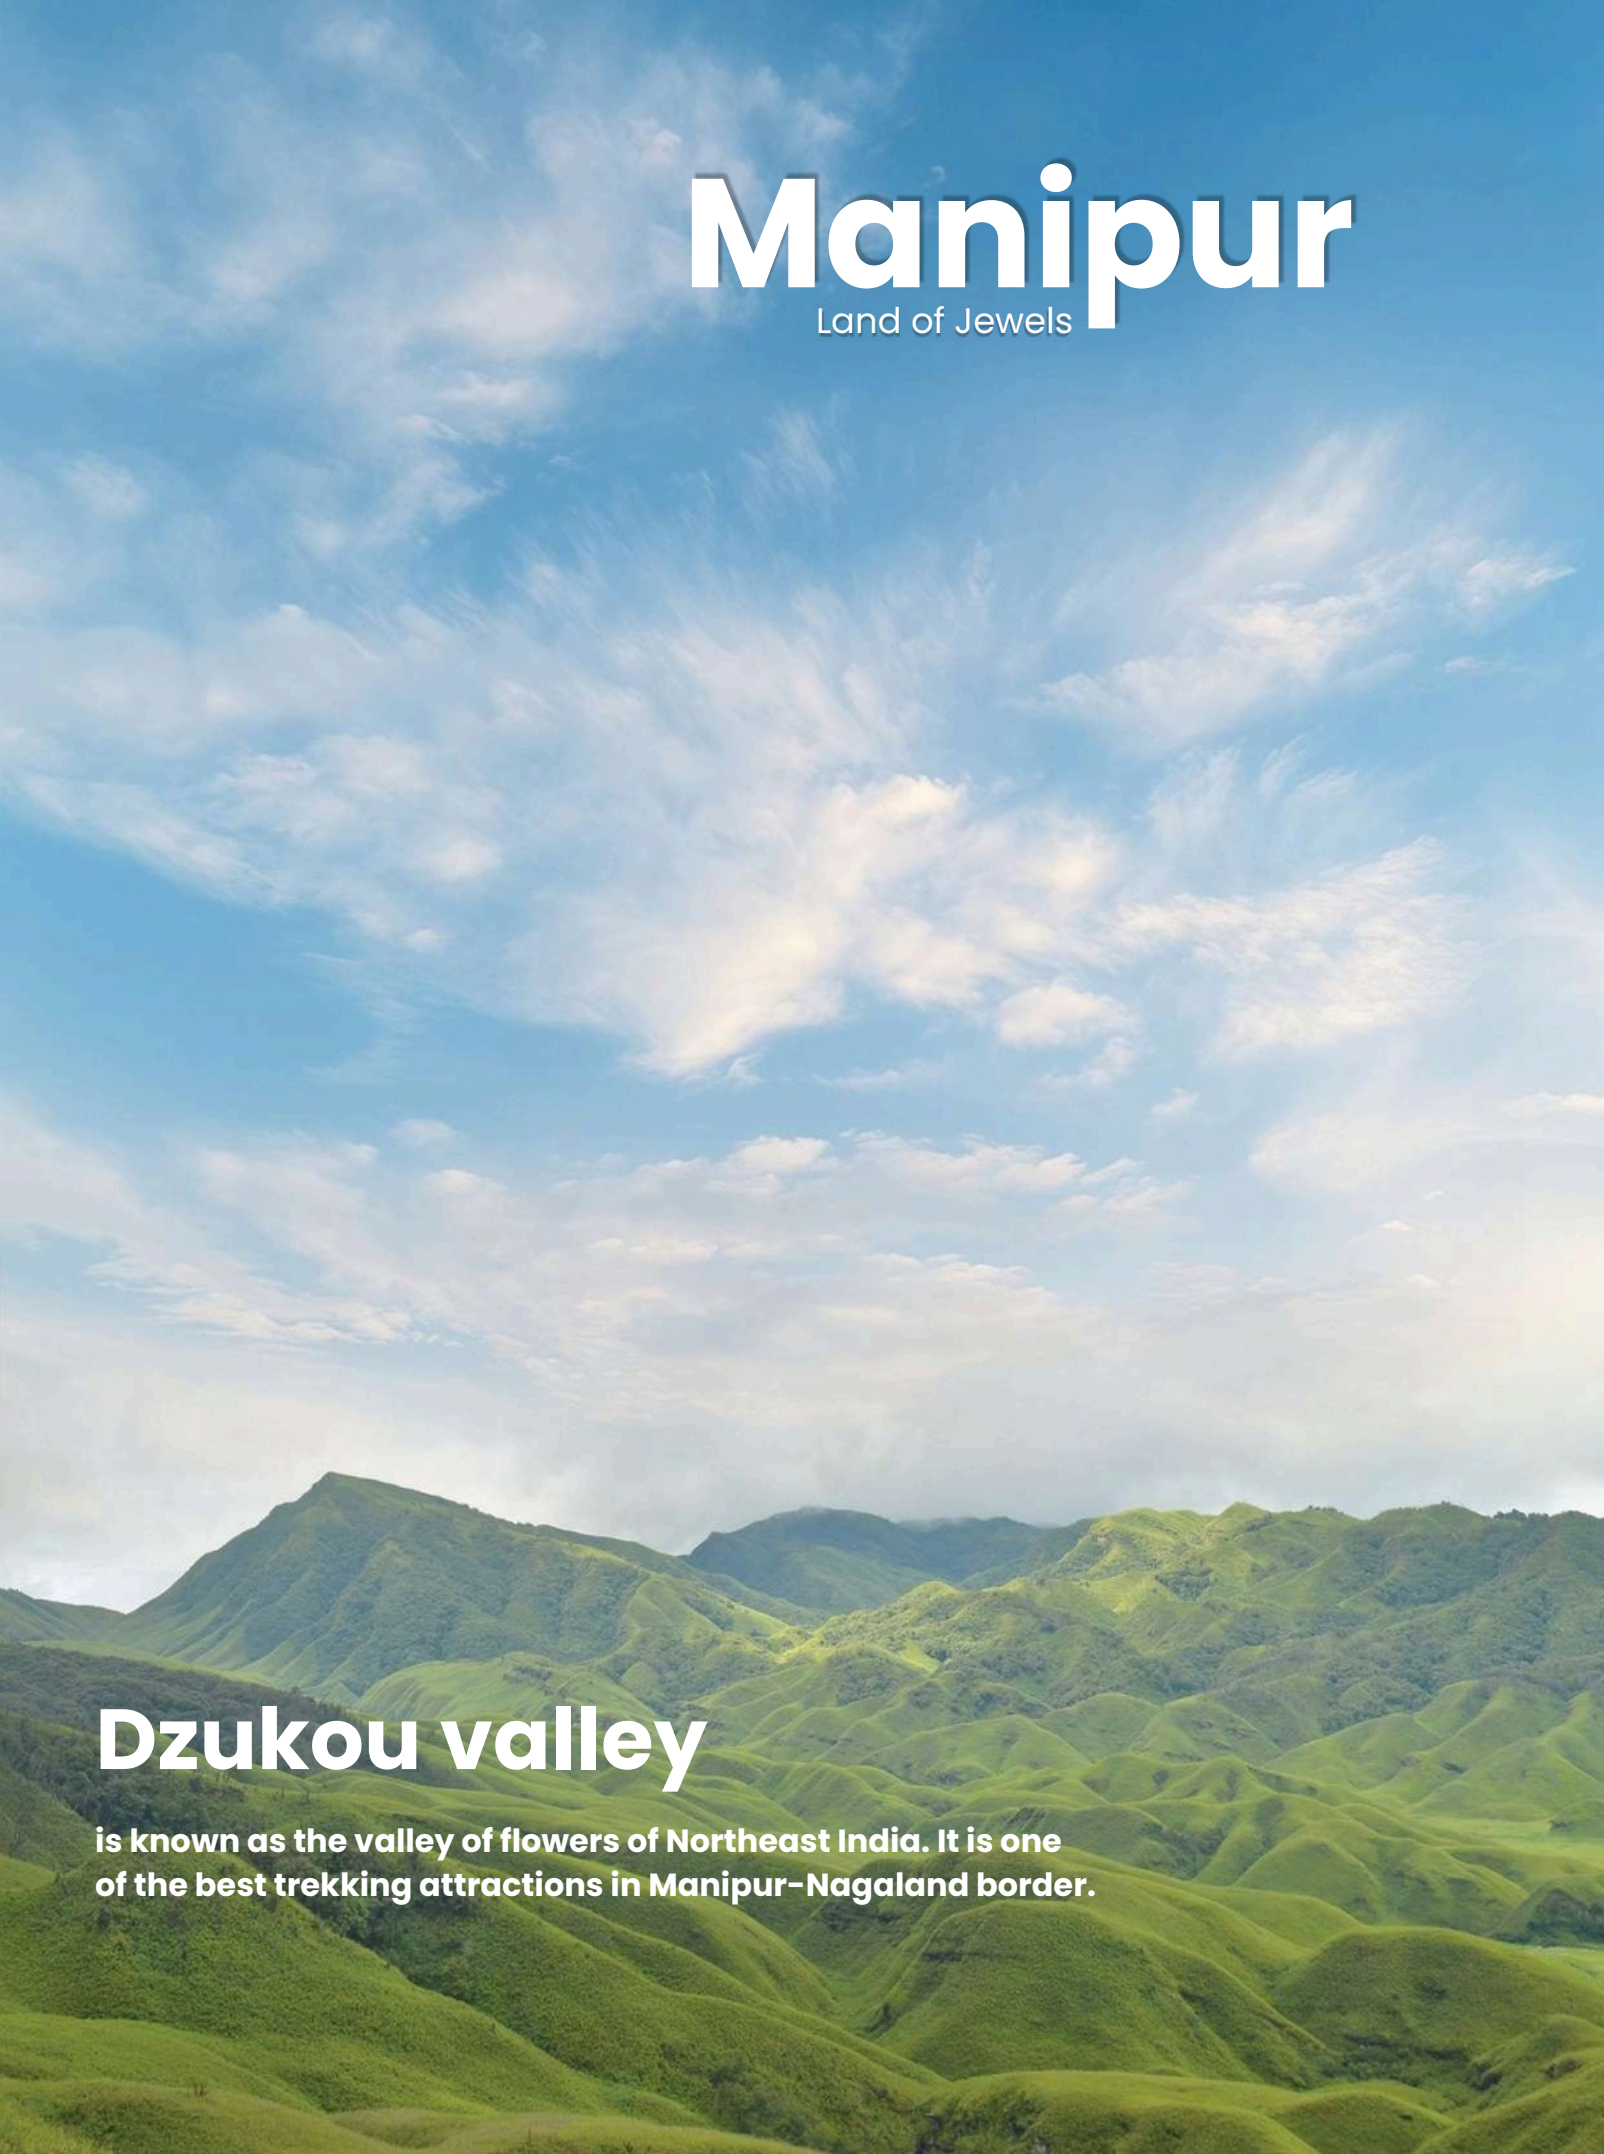

Flexibility and Adaptability:

Many Indian Universities now offer online and hybrid programs, allowing working professionals to upgrade their credentials without interrupting their careers, while staying.

Global Recognition:

Accredited degrees in India are often accepted internationally, facilitating opportunities for higher studies or working abroad.

Manipur
Land of Jewels
Dzukou valley
is known as the valley of flowers of Northeast India. It is one
of the best trekking attractions in Manipur-Nagaland border.
